Linear Algebra 2, Spring Term 2017

Programme 6–16 March

Examination scripts are marked anonymously. Candidates are therefore required to register online through the Student Portal for their written examinations. Registration opens three weeks before an examination and is open for two weeks. There is a link on the module's web page to more information about the registration procedure.

Past examination papers for the old course MATB11 can be used for practice purposes and are available at http://www.ctr.maths.lu.se/course/linalgnf/.
